## BAD NEWS FOR FITZ.

MRS. JULIAN, HIS MOTHER-IN-LAW, DIED SUDDENLY YESTERDAY,

DID NOT ATTEMPT TO WORK.

GOT A DANGEROUS FALL IN AVOID-ING KODAK FIENDS.

Corbett Had a Bout With Jeffreys, His New Boxing Partner-National League Meeting at Baltimore - Racing and Sporting News.

Carson, Feb. 25.-A telegram from New death of Mrs. Julian, Fitzsimmons' mother-in-law, cast a shadow of gloom over the training quarters at Cook's ranch. Martin against Colds. Get pamphlet Julian was deeply affected by the news. from although he stated that he had momentari ly expected such tidings. His mother, Julian ald, had been suffering from heart trouble for months and all hopes for her recovery were given up weeks ago. He will not go to New York to attend the funeral, nor will Pitzsimmons leave Carson for the East.

Fitzsimmons ran into town early this morning, followed by his trainer, Roeber, in a buggy. He went to the postoffice for his ail, and remained in the government building long enough to give every photographer in town, amateur and professional, a chance to reach the spot. The New Zeal-ander has developed a most marked antipathy for cameras, and in his efforts to evade the cameras to-day he sustained a fall which might have resulted seriously, instead of leaving the postoffice by the front door he thought to outwit the camera flends by jumping out of a window on the east side of the building. But in trying to escape he slipped on a cake of ice and fell sprawling in the snow. Before he could pick himself up the photographers were close upon him, and many pictures were secured. building long enough to give every photog-

Abandoned at once when the sad news from New York was received.

At Corbett's quarters there was nothing but activity all day long. The arrival of George Green, who is to fight Mysterious Billy Smith, March 18, was one of the incidents. He was accompanied by two men from the Olympic Club, of San Francisco. Both of them are expert handball players. Corbett put in his usual two hours at work this evening, the only change in his usual programme being the appearance of Actrys, of Los Angeles. Corbett had a private bout with this celebrity, and, although the latter appeared a trifle slow, the champlon expects to receive great help from him before the training season is over. Billy Belaney played handball this morning, but found the air did not agree with him.

### FITZ WON'T TALK ON RULES. Says It Is His Iden to Keep Corbett in the Dark as Long as

Possible.

Carson, Nev. Feb. 25.—George Siler, who s to referee the Corbett-Fitzsimmons fight, paid a second visit to the latter at Cook's ranch for the purpose of chatting with the New Zealand boxer on rules. Acrding to Siler's interpretation of the ensbury rules, a man can punch with Queensbury rules, a man can punch with his free arm at all times. Siler admits, however, that this point is not brought out too clearly, and says that he considers it good policy to let the contestants them-selves decide whether fighting shall be con-tinued during clinches. This point has not been settled and the probability is that the fighters will not come to an under-standing in this connection within ten days.

days.

Fitzsimmons told Siler that he did not propose to let Corbett know which style of fighting he preferred until a few days before the fight. He said it was not his intention to allow Corbett to practice on bresiknway blows and that sort of thing any longer than necessary. Siler will probably prepare a written statement giving his views about close range fighting and both of them will be asked to sign it.

### HITTING POOL ROOMS HARD.

Plungers Pounding Them Hard or Hot Things From New Orleans and Frisco.

Things are not exactly coming in car-riages for the pool rooms of Kansas City these days and if the present run of luci keeps up the roomkeepers will soon be in a state of mind where they won't care whether the anti-pool room bill passes or not. For several days favorites have been winning with great regularity and the plungers have been hitting the rooms hard on good information from New Orleans

on good information from New Orleans and San Francisco.

Yesterday the rooms got it again on several hot things. Oninoor and Favorine at New Orleans were backed as if the races were over before they were run and there was a long line in front of the cashler's window after each of them won. The hottest tip of the day came from 'Frisco, where Yemen, with Tod Sloan up, won in a gallon. Yemen opened at 6 to 5 and was where Yemen, with Tod Sloan up, won in a gallop. Yemen opened at 6 to 5 and was backed down at the track to 7 to 10 and the plungers here all landed on the good thing. The three Kansas City rooms lost heavily on this race, and word was received from the St. Louis rooms that the money had been fairly shoveled in on Yemen there, the rooms losing thousands of dollars.

men there, the rooms are no longer dollars.

The Kansas City rooms are no longer giving the liberal "hunches" which characterized them up to this week. The room-keepers had a conference last Monday 'n which they agreed to a scale of prices in accordance with the quotations from the track and none of them will lay a better price.

Schinner, the leader, appears to have drawn upon some reserve strength, for he rides easily and keeps up a continuous fire of criticism for Miller, the second man. At 9 o'clock to-night these two were riding very strong, alternately setting the pace. The score at 9:20 was as follows: Schinner, 1,290 miles; Miller, 1,210; Lawson, 1,172; Ashinger, 1,171; Stewart, 1,100; Hannant, 1,611; Smith, 1,003.

### MR. SPEERS' SUCCESSOR.

He Was Not Successful Vesterday to Securing an Election-Another

The Kansas City Passenger Association again failed to elect a secretary yesterday afternoon. A number or ballots were taken and the contest narrowed down to two candidates, Fred Connell, of Lincoln, Neb., formenly in the offices of the Union Pacific here, and Carl Landes, of the Milwaukee office. An adjournment was taken until 2 o'clock Saturday afternoon, when the balloting will be resumed. The retiring secretary, C. H. Speers, whose resignation is effective March I, will turn his accounts over to the auditing committee of the association to-day, and the association will be left without a sacretary unless an election is had Saturday. The election is now expected to lie between Mr. Connell and a "dark horse," although some of the candidates who have fallen in the background may be taken up again. It is said Mr. Landes will not be able to secure the unanimous vote, which is required for an election. The term is for thirty days, when another election will be had, the temporary incumbent having the best chance for election for the long term, provided his record has been satisfactory. Opinion is divided as to whether Chairman Caldwell or the general passenger agents will interfere, but the prevailing belief seems to be that the matter will be left whony with the local passenger agents, even if there should be a short vacancy in the position of secretary. here, and Carl Landes, of the Milwaukee

Chairman Whitecotton, of the special committee appointed to investigate charges of extortion preferred against the stock yards companies of Missouri, submitted the com-mittee's report this afternoon. After being read, 500 copies of it were ordered printed. The report is not only favorable to but commendatory of the stock yards companies whose yards and buildings are wholly in Missouri, and does not condemn the methods in vogue at the Kansas City yards, only a small portion of which is in this state.
